It's Time to Account for Medical Error in "Top Ten Causes of Death" Charts

Bart Windrum

Abstract

Summary: Medical error has been reliably identified as among America's leading... Yet it never appears in "top ten causes of death" charts that periodically appear in... this author has never heard medical error mentioned during end-of-life public pane providers address citizens interested in planning for peaceful demises. Death caus medical error incident reporting data seem to exist separately in public records. Ac
