THE PROMISED LANDING

A GATEWAY TO PEACEFUL DYING

BY BART WINDRUM

About the Book

The Promised Landing: A Gateway to Peaceful Dying provides a new context for understanding our dying experiences as shaped by western culture. Learn to identify and distinguish between the various dying situations that frame our journey toward, or away from, the peaceful demise we want for ourselves and our loved ones. Participate in a personal (or group) guided recitation, traveling to every way station and destination throughout our dying territory—engaging your heart and soul, where resolve for fulfilling our promises takes root. Then, examine a related set of everyday personal and systemic obstacles to peaceful dying in order to better forecast their impact and adjust glide paths while time yet remains to die in peace, and at peace.
